People down by the side of the road  
I got a pocket full of nothing and I know what I know  
I know what I know, I don't know nothin' else  
If you could teach me something  
I'd sure appreciate the help  
And it's back and forth, forth and back  
Around in a circle now how you like that

How does it feel when you're going nowhere  
Won't you start sometime, let me know  
Won't you start sometime, let me know

Sometime ago somebody told me something  
I can't remember what they said  
I can't remember nothing  
They say only hear what you wanna hear  
But I can only hear this guitar ringing in my ears  
Back and forth, forth and back  
Around in a circle now how you like that

How does it feel when you're going nowhere  
Won't you start sometime, let me ride  
Won't you start sometime, let me ride  
I wanna ride high  
Are you ready to ride?  
/]

Close my eyes so I can see in the dark  
Sometimes I only wanna hear the sounds of stars  
The weepin, the weepin  
The burrin the wuzzin  
Decide where I sleep and I ain't sayin nothing  
Decide where I'm sleeping and don't it sound nice  
I think I gotta go get some advice  
Cause it's back and forth, forth and back  
Around in a circle now how you like that

How does it feel when you're going nowhere  
Won't you start sometime, let me ride  
Won't you start sometime, let me ride  
I wanna ride high

Won't you let me ride?  
Cause I wanna know, I wanna know, I wanna know  
What's inside  
I wanna know, I wanna know, I wanna know, I wanna  
know  
What's inside  
I wanna know, I wanna know, I wanna know, I wanna  
know, I wanna know  
What's inside  
Cause I wanna know, I wanna know, I wanna know  
What's inside  
I wanna know, I wanna know, I wanna know, I wanna  
know  
What's inside  
I wanna know, I wanna know, I wanna know, I wanna  
know, I wanna know  
What's inside, what's inside
