Me and my band  
All must agree we like to get groovy  
With the sounds of the old time  
We like to jam cause man  
Sounds from the Bandstand  
Hand for the cause man  
Hang from the old ones  
The tones the gear the props and the ride very much in  
Chilling outside  
Going way back ....  
From where music really started  
I'm a child of the eighties  
From where I departed since then I started  
A collection of the people  
Who started it all  
I reckon  
I kept them  
In my sock like money  
Blues music  
It's all about rocking the van not rock to roll  
Sway to sway  
Shocks work out I play  
What that fly girl Sabine say ....  
About eight miles to the gallon that's some  
Hiway sailing  
Cool cool lounging  
Atlantic City bounding  
1920's to the 1970's a stream  
Pool solid steady  
Getting ready real cool  
The earth amp sock hat hihat dope  
Dobro D'Addario strings for my things  
The bass wail sings

Let the rhyme bring  
The tense of the time  
The old time  
Blues music  
Blind Lemon Jefferson and juice  
B.M.W's the proof frosty Albert Collins bukkha white  
Booker T James Brown  
Jimmy smith at the console

The soul with the girls Aretha  
Chakka Khan the show Solid Gold  
Cisco and Sonny Lead Belly too  
Peoples that rode with Woody and you Bob Dylan  
A million Sears Silvertone guitars  
Heard the licks no need to take them nowhere  
Blues music  
It's like chewing gum with your headphones on  
Drinking lemonade  
Chilling on the front porch after running ball  
Like you lost a twenty dollar bill  
You got a free ticket from the scratch and win  
Its like the swimsuit issue  
Could I get a tissue?  
It's like you and your baby got nasty cut off and left  
alone now making  
eyes  
On the city bus again grandma cooks blueberry pie  
Little sister got a boyfriend  
It's like smoking the ride  
The final right  
The vinyl rides  
Blues music ....
