gimme some lovin early in the morning
i just woke up with this appetite
come on, give me love in the morning light

gimme some lovin early in the morning
i just woke up with this appetite
come on, give me love in the morning light

some people like it in the afternoon
i don't think that I can wait that soon
come on, give me love in the morning light

some people like it in late at night
i could wait that long, but i don't think i might
come on, give me love in the morning light

i'm going to love you soft and love you sweet
i can feel your heartbeat
need your attention to get me started right

i'm going to wake you up with a kiss on the cheek
come a little closer, open up to me
good morning babe, good morning babe

open your eyes just a little bit
good morning sunshine, i can't resist
dreaming about you babe, all through the night
