All you brain-dead kids get lost

I grab the tab snap the cap pop the top

When I start with much heart

This world seems numb blind deaf and dumb

There's many ways to be living

But your only living once

From satellite tvs we see right overseas

In the eyes of the refugees but we're blind to their  
pleas

Falling down like leaves no one feels what they see

It ain't me it's just a special on your cable tv

It makes you feel so removed

But you got to free your mind

Come alive in the nick of time

Ã,ÂiÃ,Â®cause if you didn't

You might end up suck a waist

And that would make you be another

One of those hopeless case

I made plenty of friends

And I thought they were true

But at the end of the day

Do what you got to do

You came in this world alone  
And that's how you're gonna leave  
You better walk with some love in your heart  
You best believe  
No man is an island to stand alone  
It makes you feel so removed  
But you got ot free your mind  
Come alive in the nick of time  
Ã,ÂiÃ,Â®cause if you don't  
You might end up sucha waste  
And that would make you another  
One of those hopeless case
