Katman

65 25 parkline drive

And like always I'm kicking it live

Gotta call the fellas to see if they is with this

Gonna get down with the sounds of big breakfast

Start off the day with some bob marley

Back to the woods for the fresh parlay

Maybe even spark a little nicki j.

Then it's off to center city in the fastest way

But if you've gotta get downtown real quick

The only way to go is i-76

Unless of course you wanna take the scenic view

Then east or west river drive is right for you

But if you ain't got any time to lose

Put the pedal to the metal for that voyage cruise

So get on down to i-76

Because in 1996 there ain't no

Tricks in the mix

G. love

Back in 1982

Man it was real cool

And in school

If we got good grades

Our parents would take us to a 76ers game

I got my game and there ain't no shame

Big shots for mo cheeks

And moses malone

Julius erving called philly his home

Bobby jones, daryl dawkins

Andrew toney sinking threes

Rocky balboa comes from south philly

So if you want to make it

On time to the show

There's only one route you have to know

Get to fishtown avoid all that jive

I suggest that you drive on i-95

Wanna get downtown but feeling in a fix

Get on the route they call 676

The most expensive expansive

Piece of interstate they ever made

The fellas ain't famous but
They got good game
Get along 76ers

Charles barkley dissed larry bird
Get along 76ers
Charles barkley dissed larry bird

Smiles
Shh-hoops the middle man
Now disguised as the joy
Valentine smiles to the katman play
Loungin' leather seats 76 gettin' nice
Cadillac d.b.l. kristopher pulled the heist
Expressway expression soda pop pressin'
Up another piece baby new year painted session
I'm guessin' the answer to the question
All the philly fellas livin' life as a profession
Destined to escape a la spector
Ah wilderness yea prep jetta boy
Friday night rap broncos and pepper shakers
In the city ice dogs love show I the skyscraper
The route it's i-76
I'm loungin' otto shoup singin' davey quickness
Li li of the va li love a ligum everyday
I'm givin' praise from high hill juice to philly
