I guess Im lucky
Its in my blook Ive got you and us two
That's what Im thinking of
So you're moving into my place
That's a 24 hour taste
That's n ocan that's a case
This feeling I sure can't erase

I know it sound old
But I love you
I love you

So we seem a little young we have fun
Were friends were lovers
Who cares about those others
Already got fathers and mothers
Two can be a crew got plenty to do something to see
Look in my eyes baby
Believe me

I know it sounds old
But I love you I love you
I love you

Your pops don't like me
Your moms sure does
Shes seen the looks that I give you
Seen them enough
To know this aint no phase
Or some part time craze
Its a love affair that lasts during the weekdays

I know it sounds old
But I love you I love you
I love you

I believe in luck and money
Ive got ten bucks and a honey
I know Im lucky
Just look at you and me
Move on in move on in
That aint no sin

It aint gonna be a sin
When we turn the lights to dim

I know it sounds old
But I love you I love you
I love you
