Meet new day
By the side of the road
I got a pocket full of nothing
And I know what I know
I know what I know
I don't know nothing else
If you could teach me something
I'd sure appreciate the help
And its Back and forth
Forth and back
Around in a circle
Now how do ya like that?

How does it feel when you're going nowhere Won't you start sometime Let me know Won't you start sometime Let me know

Some time ago
Somebody told me something
I can't remember what they said
I can't remember nothing
They say you only hear what you wanna hear
But I can only hear this guitar
Ringing in my ears
Back and forth
Forth and back
Around in a circle
Now how do ya like that?

How does it feel when you're going nowhere Won't you start sometime Let me ride Won't you start sometime Let me ride

I wanna ride-a high Are you ready to ride?

Close my eyes

So I can see in the dark
Sometimes I only wanna hear
The sounds of stars
A weeping, a weeping
The where and the was-ins
Just the sound of sleepin
And I ain't saying nothing
The sound of him sleepin
Don't it sound nice?
I think I gotta go get some advice
And its Back and forth
Forth and back
Around in a circle
Now how do ya like that?

How does it feel when you're going nowhere Wont you start sometime Let me ride Wont you start sometime Let me ride

I wanna ride-a high Won't you let me know Cus I wanna know….. Whats inside…..
