So many different  
Flavors for variety  
Smooth in the mixing  
Fixing a hole for myself  
To be sitting  
Never slipping  
Cause I'm like that  
It's not my choice  
It's my voice so despite that  
I'm living in my own time  
For my sign  
My signal  
Won't mingle  
I could still dig other keys  
On the ring  
All together now  
Some people  
Never satisfied  
Can't be I've seen it  
Got what they want  
But still want more  
I mean it  
Some people  
Don't get nothing  
And they want even less  
Some confess and some stress  
What's going on  
Some people is like that  
Dig the eyes  
Where it all goes down

The eyes because a glance caught skittish  
That means we missed this  
Chance to dig each other  
Another bounce and then another  
Another  
Some people get scared  
From situation that presents a tension  
Then they wonder about events  
Not mentioned  
Some people like to look just like each other  
Some can't never be clever

And some people think they're better  
Some people got attitude  
Backed up with attitude  
People got to prove  
That they could groove  
To be smooth  
Rude shit is dumb  
Some people  
Quite chill laid  
Some people make noise  
Some sit spart stick  
With my boys  
Shut up man just listen to the music  
I used it I'm like that  
Some people is like that
