Baby your beat up and broken down
Every man knows your name in this whole damn town
and every boy, they know you drink
or should i think
i turn around an look and your gazing through the wink
i thought id be happy with a women like you
but u walked on my pride and my manhood too
i dont know too much but one thing i kno
a man stuck on you is like a steppin stone

Chorus*
cuz you keep usin me just like a steppin stone
u keep usin me just like a steppin stone
u keep usin me like a steppin stone
u keep on usin me like a steppin stonnnne

what you forgot to mention
what was ur real intension
did u want a man to loove
or someone to promp and carry you up
to a higher statis
for a matter a fact its your detachment
wat bring you further down
and now ur all used up
dont bother comin round

well i remember way back to what you put me through
i keep thinkin to myself whats wrong with you
and even not to have a man for a lover and a friend

tear them up and leave one as money spent
well you just like lie and sit in a daze
you the strongest man and put him down the can
but i have gained some knowledge
go on and pack your things and move them back to
college

Chorus X 2
