Every once in a while,
Gotta use my superpowers,
Even though saving the world
Outta style,
It ain't my fault all
This bad stuff is happening
But now it's time
I put my foot on down

Aaaawwww baby,
My love don't seem the same

No no

They save love's all you need
To heal the world,
Plus a trillion billion dollars
Have you heard
There's president bush,
Santa Claus and Green Goblin
Saddam Hussein,
Spiderman,
And Bin ILden
Britney Spears,
Jesus,
And the whole cast of friends
Met for brunch last week
To solve the world's problems
Well they called on me

Aaaaww baby
My love don't seem the same

Well if they called on my name
Don't you know I'd do it
Shine my signal over Gotham,
I'll be true
It is my distinct pleasure
To come down from my grass
Get off of my front porch
And save all your asses

And in the nick of time too

Awww baby
My love don't seem the same

Well change
Has come over me,
My muscle's growin
So I freestyle
My ass 'cross the USA
Solve the economy
The homeless problems,
Save what's left
Of the environment
Create jobs
For everybody doin somethin
That they wanna be doin
Yeah,
Well if you can't do smack
Then you better do something
Cause this is the time
When you so can't do nothin
Well that mean's you,
And you and you
And you and me too

Aaaaww baby

Then I'd fly overseas
And set all the slaves free,
From prostitution,
Sweat shops, child labor,
Solve the myriad of problems
In the middle east
Make a sun powered car,
We won't have to fight
For oil fees
And I'll take all
The troops back,
From where ever they roam,
And where ever they fightin,
And whatever side they're on
And I'll send them
On the first flight
Home to their mom's
We could make coffee tables
Out of all these bombs
And save the whales,
And the pigmee
Marmasetts too.

Aaawww baby

Well it seems kinda hard
But it really ain't nothin,
All you gotta do is get bit
By a spider or somethin,
We could change the world
In a week or a day
And if you got problems
Man I'll sweep them away,
If you find yourself
In a world full of trouble,
Just call on G. Love,
The superhero brother

And, I'll be there
Yeah
I'll be there
Huh
I'll be there
Mmhhmm
I'll be there

Aaaawww baby
My love
Don't seem the same
No no no
