I gave you my all
And all I got back was a broken heart
I should've known from the start
Cuz you wouldn't fall
I wonder where we could have gone
If you never would've put up your walls
Now I wanna know
Why's it so hard, why's it so hard
Hard for you to open up
(What you got me asking)
Why's it so hard, why's it so hard
Hard for you to open up
You can keep the house
You can sell the car
Cuz this money can't
Buy this woman love
Used to hold my breath
But I can't hold it in no more
Suffocating
Waiting for you ain't worth it anymore
The one that I signed up for
Ain't the person I see in you anymore
I quit hoping
It's time for me to walk out the door
Of course, I never was worth fighting for
Because
I gave you my all
And all I got back was a broken heart
I should've known from the start
Cuz you wouldn't fall
I wonder where we could have gone
If you never would've put up your walls
Now I wanna know
Why's it so hard, why's it so hard
Hard for you to open up
(What you got me asking)
Why's it so hard, why's it so hard
Hard for you to open up
Bet she'll never be
The kinda girl you need
Or ever want in you future

Boy you're killin me
How could you just ruin what we
Ever considered to be our future
The one that I signed up for
Ain't the person that I see in you anymore
I quit hoping
It's time for me to walk out the door
Of course, I never was worth fighting for
Because
I gave you my all
And all I got back was a broken heart
I should've known from the start
Cuz you wouldn't fall
I wonder where we could have gone
If you never would've put up your walls
Now I wanna know
Why's it so hard, why's it so hard
Hard for you to open up
(What you got me asking)
Why's it so hard, why's it so hard
Hard for you to open up
Babe
You gon regret it when I'm gone
When I ain't blowing up your phone
Babe
This house won't be your home
When you're sittin there alone
I gave you my all
And all I got back was a broken heart
I should've known from the start
Cuz you wouldn't fall
I wonder where we could have gone
If you never would've put up your walls
Now I wanna know
Why's it so hard, why's it so hard
Hard for you to open up
(What you got me asking)
Why's it so hard, why's it so hard
Hard for you to open up
What you got me askin
Got me askin why
Why's it so hard for you to open up
