I'm walking in darkness with no shadows
Tears fall in silence with no sign
I've got to let go with visions I've outgrown
Even I know, so let the rain come down

Bring down the moon
And if it can rain before the new wind
Bring down the moon
Building love by feeding the dreams
Perfect love is a desperate creed
And one that we all try to believe
So bring down the moon

I'm finding some comfort you're closing the
distance
Between my life and my dreams
Ooh if love's not forever I need to discover
The spirit of romance and magic
In living from day to day

Bring down the moon
And if it can rain before the new wind
Bring down the moon
Building love by feeding the dreams
Perfect love has no guarantee
Still we keep trying to believe
So bring down the moon! yeah yeah
Bring down the moon

But there's no guarantee
That they ever will be perfect love
(Perfect love)
(So let the rain come down)
I know that it hurts 'cause you used to believe
(So let the rain come down)
I know how it happens! yeah!

Bring down the moon
And if it can rain before the new wind
Bring down the moon
Building love by feeding the dreams

Perfect loveâ€¦has no guarantee
(Perfect love, perfect love, perfect love)
And still we believe
(Perfect love, perfect love, perfect love)

Bring down the moon
So bring down the moon
Bring down the moon
So bring down the moon
