Front and center ten percent pulled apart  
Vilified tolerate but only to patronize  
Hang a noose like a crucifix dangles high  
Leg breaking for your sheep becomes suicide

Sticking to your guns provokes an ugly picture  
Of a child gagging on those same guns  
Transforming more self loathing youth  
From queers to corpses in two seconds flat

You've got correction tape for every transgress  
Immediate approval for distress  
Call out your icon from its whites washed tomb  
Your perversion your blame your truth

Trigger finger prints in a pool of blood  
Pray for us that our sins will come undone  
Now that you've decided in all of your tirade  
That we are not worthy to live

You will burn in hell for everyone you've killed  
For every drop of blood that you have ever spilled  
Diseased and deranged became a draining mass of  
death  
At your request in your prayers in your speeches you  
claim our death
