Relax, just sit back and absorb
Make sure you've got all that you can't afford
Listen for your cue
(Listen for your cue)

To help you deal with the shame
It makes you wonder who
(It makes you wonder who)
Is holding on to the reigns

It's the way it's always been and the way it will remain
Doesn't matter when you've got nothing to believe

Sit down, shut up, just consume and be bored
You know your place and you'll find it's so easy to
ignore
That everybody knew
(Everybody knew)

It wasn't gonna be tame
'Cause, honey, the kill
('Cause, honey, the kill)
Is a part of the game

It's the way it's always been and the way it will remain
Doesn't matter when you've got nothing to believe
And why be born again if it's so hard to get in
Doesn't matter when you've got nothing to believe,
don't bother trying

From the dawn of time, should come as no surprise
What we've set out to achieve
A little pressure there but little money here
And they'll be begging us please

We'll make it squeaky clean
Ignore the blood for now
Mundane and so pristine
Come on, just dance to the sound

It's the way it's always been and the way it will remain
Doesn't matter when you've got nothing to believe

And why be born again if it's so hard to get in
Doesn't matter when you've got nothing to believe,
think it over
