To get back time
You force too much
It's always too much
But not enough

So much for the here and now
It's all the same now
I wish everything would change
You can't believe a word he says
You can't believe

I know you've been lost
You've said it before
Say it again now
I know you've been lost
You're begging for more
And it's not enough
Yeah

He's all that you know
And really believe in
He gives you a reason
To take it slow

So much for the here and now
It's all the same now
Well I wish everything would change
You can't believe a word he says
You can't believe

I know you've been lost
You've said it before
Say it again now
I know you've been lost
You're begging for more
And it's not enough
Yeah

I know you've been lost
You've said it before
Say it again now

I know you've been lost
You're begging for more

I know you've been lost
You've said it before
Say it again now
I know you've been lost
You're begging for more

Oh
And it's not enough
And it's never gonna be
