Rookie, I never thought this could be me  
I guess you never do until it's happening to you  
Like all the fun turns into shame  
And all the could have been's rearrange

So little time, so many crimes  
Guilt like a chain chokes my will away  
Redemption never seemed so cruel  
And all my Gods never seemed so weak

Wake up, engage now  
Derailed and enraged, it used to be so easy  
Get up, I'm game now  
Sick and I'm tame, counting cost with lost

Where is the hope they gave  
Don't think that I can't hear you laugh  
I used to be a lot like you but now I'm only me  
Drink to pills, to shots turns into shock

A habit and a pawn  
For every hand goes round  
The pain gets so damned loud  
The hammer hits and I'm down

Trust no one, hey, why should I  
They gave me the poison  
Dressed like life cheated  
Smacked up and diseased

Cry to sleep and fight to eat  
Used to be a pro at this  
Now I've broken my own wrist  
Rotten teeth and life unsung  
You'll forget me when I'm gone
