Ends and means redemption  
Of your past are painful reminders  
Take these wings  
And make good on all the promises un-kept in this life  
The judgments weighed against you  
Fell away to embrace your memory again  
Take these wings And make good on all the things that  
were controlling you  
And then destroyed you and your short breath of life  
Fulfill all of the unsaid promises you made  
To family and friends

Through blessings and understandings  
And I can't seem to understand why  
The end of your pain meant the end of a rope  
But I guess it's the only freedom that you've ever  
known  
The price you've paid is dying alone  
Please bless this child  
All that he's dreamed  
All that he worked for  
Every dream  
Make his love, his compassion  
Inspiration to us all
