Not in the running  
But this rain is nothing new to me anyway  
I see my reflection  
No where near who I should be

The spirit is willing  
But the anchors of my flesh  
Still hold me down  
With every distraction  
I lose more of who I should

Had many time to try  
Before I realized  
The flaws in my design  
May have led me to ask why

Why'd you make it so easy?  
I tried but I'm incomplete  
Is this all there is?  
All there is to me?

How many chances  
At redemption do I think I'll ever get  
Keep changing my rhythms  
For a shot at something more

Miracles happen  
So why do I feel like I'm being left behind  
It's still in my nature  
To look for what I can't find

How many chances  
At redemption do I think I'll ever get  
Keep changing my rhythms  
For a shot at something more

Miracles happen  
So why do I feel like I'm being left behind  
It's still in my nature  
To look for what I can't find

Is this all there is?

Is this all there is to me?  
I should be all better now  
This is all there is to me

I can pick myself up again  
Is this all there is?  
I hope that one day I will make a stand  
But right now this is all there is to me

No matter how I dream  
I will never be good and pray  
'Cuz right now this is all there is to me  
Yea, right now this is all there is to me
