Another day and I search for the words
To make this song complete
Those rhymes that give a reason
So we can dare once more to meet
And I know you think that I'm like the other ones
That my song will end before we're done]

But I know
That I'll wait another day
Till you're here by my side
And I'll go
All the way another mile
Till you're heart beats with mine
And I'll show you my love is the purest you'll find
And if you were to decide to walk away
I'll knock again on the door you closed on me
I'll rewrite this song

And I search for those places
Where love is meant to be
Those heights said forbidden
Well they seem so near to me
And I know you think that I'm like the other ones
That my song will end before we're done

But I know
That I'll wait another day
Till you're here by my side
And I'll go
All the way another mile
Till you're heart beats with mine
And I'll show you my love is the purest you'll find
And if you were to decide to walk away
I'll knock again on the door you closed on me

I'll rewrite this song

Another day
Another day
Another day
Another day

But I know
That I'll wait another day
Till you're here by my side
And I'll go
All the way another mile
Till you're heart beats with mine
And I'll show you my love is the purest you'll find
And if you were to decide to walk away
I'll knock again on the door you closed on me yeah

That I'll wait another day
Till you're here by my side
And I'll go
All the way another mile
Till you're heart beats with mine
And I'll show you my love is the purest you'll find
And if you were to decide to walk away
I'll knock again on the door you closed on me
I'll rewrite this song
Another day
