Swaaaag!

There's something 'bout our freaks

There's something 'bout our swag

There's something 'bout our cast

There's something 'bout her.

Hook:

There's something 'bout her

The way she wakes up,

The way she put on her make-up.

There's something 'bout her

Always tryna impress me,

Always dressing sexy.

There's something 'bout her

The freaky things she wanna texts me,

When she wanna sex me.

There's something 'bout her.

There's something 'bout our freaks

There's something 'bout our swag

There's something 'bout our cast

There's something 'bout her

There's something 'bout her.

That ass fat in them jeans.

She a drug, I'm a fin

She always 'bout her cream,

I'ma give her some green,

I'ma give her a ring!

She always do her thing, she always cooking clams.

Baddest thing on my team,

While I'ma sipping my?

She'd be giving me bread

While I'm creeping the?
