On some nights you'll find me falling  
I am formless I am shapeless  
On some nights i'm better left alone  
You take it all in from some severed state of stasis  
You scream, "WAKE UP!!!" inside your own body, but  
You're buried...or suffocating...or worse  
Tonight it's worse,  
Tonight the screaming hurts  
Tonight it's worse

Tonight, i'm wrapped up in her  
We find each other under  
Blankets as warm as summer  
We are inseparable  
Our bodies know what they're for  
And we give in, we explore  
Each other desperate for  
Something inseparable

This coma kiss is infinite,  
And I may take your tongue if you stay  
We are this dream - fluid and intricate  
We made it that way  
Every nightmare needs an influence  
And your body turning blue as you lay  
Directly next to me colors this one  
In bluish hues and darker greys

... my wrists, it's in the center of my torso, behind my  
eyes and in the back of my head  
Something is eating me alive from the inside out

Everyday when I awake I'm shaking or worse  
Tonight it's worse,  
Tonight the screaming hurts  
Tonight it's worse

Last night as I was wrapped up in her  
I drowned her body under  
Blankets as warm as summer  
We were inseparable  
So this is what has become

Of everything that I loved  
The betrayal and the blood  
Became inseparable  
From the most beautiful nightmare I've ever had  
Completely inseparable

I see her hair spread across the floor  
And tangled in the telephone cord  
Our favorite song's been repeating all night  
Someone call an ambulance, because something's not  
right
