There isn't always room to breathe.
His lungs are longing for release.
His choices are:
A: Pack and leave.
B: Begin to make his peace, or
C: Start screaming (he starts to scream)
Until he has no voice.
He was never that great with multiple choice.

The sights wouldn't stay on screen; the truth remains
the same.

She's beautiful and brilliant though,
Incapable of letting go.
When he's gone she lays awake all night.
At home she's prone to picking fights.
So she starts screaming (she loves to scream)
Until she has no voice
She's in love with conflict
And conflicted by choice

The sights wouldn't stay on screen; the truth remains
the same.

Answers to the questions of our feelings.

They have each other in a violent grip
But there they bend the lense [can't figure out]
(They love the push and pull, it makes them miserable)
God bless their swollen hearts, made up broken parts
(They love the push and pull, it keeps them
comfortable)
Besides it's not to love the name [maybe incorrect]
It is the entire day [maybe incorrect]
