I had a small black book  
But I threw it away  
When you told me your name  
I gotta keep you babe

I'll call quits  
With all them other chicks  
You've got me wondering  
Maybe there could be more to this

This is the first time I've ever felt  
All of the feelings that I'm feeling now  
I wanna know if we  
Can make this happen baby, cuz' you got me

I wanna make this real  
Somehow you make me feel  
Like you're the only girl in the world

I gotta make you see  
How beautiful it'd be  
If we could make this happen baby

I'll be prince charming  
If you'll be mine, darlin'  
And you'll be my only  
Will you be my only girl?

You're so fine  
Better yet let me say  
That I find you divine  
I've got to keep you mine

I lose sleep  
But I'm dreaming constantly  
You've got me day dreaming conciously  
Honestly, I believe...

This is the first time I've ever felt  
Whatever feeling that I'm feeling now  
I wanna know if we

Can make this happen baby, cuz' you got me

I wanna make this real  
Somehow you make me feel  
Like you're the only girl in the world

I gotta make you see  
How beautiful it'd be  
If we could make this happen baby

I'll be prince charming  
If you'll be mine, darlin'  
And you'll be my only  
Will you be my only girl?

This, this isn't a drill  
I can't keep still  
This love is real  
Now, all of that time I spent without you baby  
Well, that all ends here  
If you'll let that end here  
I wanna, I've just got to know if we  
Can make this happen baby, cuz' you got me

I wanna make this real  
Somehow you make me feel  
Like you're the only girl in the world

I gotta make you see  
How beautiful it'd be  
If we could make this happen baby

I'll be prince charming  
If you'll be mine, darlin'  
And you'll be my only  
Will you be my only girl?
