You run your fingers across my lips
No I've never felt like this before, no, no
I know I'm young but I know love
And I'd know I know an angel if I saw one

But I know very well
Gentlemen don't kiss and tell
And I promise I won't tell the world
If you say you want to be my girl
In your words..

I'm just a simple man, simple plans,
Good work, take care of my fam,
I'm sure you understand
Because you're heaven sent, independent,
Do you think you need me?
I think I need you girl, baby can't you see?

But I know very well
Gentlemen don't kiss and tell

And I promise I won't tell the world
If you say you want to be my girl
In your words..

OohÂ... ohh.. yea..

Cards on the table
Willing and able
Stable, capable
Of holding you down
I'm just sayin..

But I know very well
Gentlemen don't kiss and tell
And I promise I won't tell the world
If you say you want to be my girl
In your words..
I'm not complaining
Your love is worth waiting for

But I know very well

Gentlemen don't kiss and tell
And I promise I won't tell the world
If you say you want to be my girl
