Baby girl it's really stressin me
The way you say you're thinking less of me
You say that I've changed, somehow rearranged
But my attitude is still the same, about you love

This complicated situation is
Getting in the way of every kiss
And there's nothing I miss, more than your sweet lips
I don't know how to say it better than this, baby girl

(Chorus)
Cuz I don't want nobody else but you
Ooh baby girl yes it's true, my heart is for you
So tell me what you wanna do with my love
When I'm trying to be your man for life

It's getting harder just to talk now
Cuz you accuse me every half hour
You say I'm no good, girl I'm just misunderstood
If I could read your mind you know that I would
About you babe

I'm tryin to love ya but you're crazy girl
But I'd never leave you cuz you rock my world
And nobody sane could ever love me the same
My life without you would be simple and plain, baby girl

(chorus)
