Blessed with all this patience, maybe it's my curse
Oh, I wish you had more of me, than a picture in your
purse
God has blessed me truly, with a love like yours
But can you wait for me, till I become someone who will
give you more
Can you handle the distance, as hard as it may seem
Can you see our forest, despite this difficult tree
Can you be my bear, sleep through cold winters and
know that I'm there
Cause when the spring comes
I'm picking flowers, baby here I come...

I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
I'm floating petals on the sea, float your way to her,
from me
I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
I'm floating petals on the sea, float your way to her,
from me

Each one of these petals, serve a larger purpose
Serve as my unspoken promise to be with you soon
Baby we've got our whole lives, please dry your eyes
I just need time so I can make our lives brighter than
what you thought was bright

I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
I'm floating petals on the sea, float your way to her,
from me
I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
I'm floating petals on the sea, float your way to her,
from me

There's only so many tears I can dry (so many tears I
can dry)
There's only so many nights I'll survive (so many nights
I'll survive)
There's only so many things that I can do

But to count the wonders you are, there's no number
that counts that far
I'm going to be all you need, cook and clean and house
and feed a family we can be
Baby girl, won't you listen to me
Because my promise they start with these

I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
I'm floating petals on the sea, float your way to her,
from me
I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
I'm floating petals on the sea, float your way to her,
from me

I'm floating petals on the sea, float your way to her
(they wouldn't float for no reason)
Floating petals on the sea, float your way to her, from
me
Floating petals on the sea, float your way to her (they
wouldn't float for no reason)
Floating petals on the sea, float your way to her, from
me
