Head to toe we match you know.
Together watching the falling snow,
Staying warm beside the fire, looking out the window.
I'm loving everything you say and do,
Tell you when you say you feel it too,
I'm gonna say that you're the one, and that my search
is done.
'Cause you,
You make me feel,
That everything is going right,
That I can go to sleep tonight,
And awake to find you here.
You make me feel,
That everything is going right,
That I can go to sleep tonight,
And I wake up to your voice, down, blankets and
pillows.

You love the heat, the warmth, the sun
And I completely agree with that one.
Dry heat, a nice breeze and a hammock hung between
two trees.
From the dimples to the smile,
From your heart all the way to mine.
We fit, we match, we go, I think you oughta know,
Think you oughta know.
You make me feel,
That everything is going right,
That I can go to sleep tonight,
And I wake up to your voice, down, blankets and
pillows.

You and I we both know,
We match in ways that they'll never know.
You make me feel,
You make me feel,
That everything is going right,
That I can go to sleep tonight,
Oh and awake to find you here.
You make me feel,
That everything is going right,
That I can do to sleep tonight,

And wake up to your voice, down, blankets and pillows.
