Well I don't know what goes on behind closed doors
And I'm not exactly sure where my love goes
It's been used and abused, bruised and confused
You say yours has too, what a coincidence
On what occasion do terms of what the circumstance
I'm sure that you would understand
When I say that, the nights get kinda lonely
You wanna meet somewhere tonight?

(Chorus)

I'll make it worth your while
Make it worth your while
Di de dum do ba doo ba daa da be da
I'll make it worth your while
I'll make it worth your while
Di de dum do ba doo ba daa da be da

No pressure at all
Imma give you my number but you don't have to call
You can keep it in your pocket
Turn around and toss it
But if ever you need someone to new to talk to
You know what to do
I know it's corny but
The nights get kinda lonely
And you can call me anytime

(Chorus)

There's so many things
I've been wonderin
I'm dreading carefully
I don't wanna move too far
Such a sweet simplicity
Wonder if you'll listen to me
When I ask you how you are
And if you like to watch the stars
And maybe somethin even
Right after eatin
If you're not to full
Maybe you and I
We could look up at the sky

(Chorus)

Da da du da da ba du da ba dub dup di

Your body is a wonderland
