Thinking about everything I got
What it means and what it's like
Feeling that stone in on my head
Afraid to fall I'm flying instead

Waiting, I'm never gonna stop
For what things are and what they're not
Taking this place where I can find
What's left before I get what's mine

Stay by my side
I'm closing my eyes
Until this breath is over

Here in your sight
No need to ask why
Let's take this one step closer

Let's take this one step closer

Waiting, I'm never gonna stop
For what things are and what they're not
Taking this place where I can find
What's left before I get what's mine

Stay by my side
I'm closing my eyes
Until this breath is over

Here in your sight
No need to ask why
Let's take this one step closer

Let's take this one step closer

Stay by my side
I'm closing my eyes
Until this breath is over

Here in your sight
No need to ask why
Let's take this one step closer
