You lost the soul
You're out of control
You demons aren't with you
No sense to your vice
In plastic you hide
I tried and I failed to teach you

Like a flower
I want to be the sun that you grow to
How I long to change you

Open your mind
The loss you don't find
The strength as I am to reach you
Destruction finds
The weak and the blind
Oh it tears you open it eats you

Like a flower
I want to be the sun that you grow to
Dangerous power between you and me
How I long to change you

Failure comes as passion goes
Too much time has slipped away
All I see anymore is history

Like a flower
I want to be the sun that you grow to
Like a flower
I want to be the one that you grow to

Like a flower
I want to be the sun that we grow to
Dangerous power between you and me
How I long, how I long to change you

I said I wanna be Like a flower
Oh I want to be the one that you grow to
The one, the one that you grow to
Dangerous power between you and me
How I long, how I long to change you

I wanna be...
