Justify your faith in me
Does it give you what you need?
Every time, every place
Every moment of grace
I'm cynical I rise to the pinnacle
Bring it to your knees

Sentimental phases
Leave it all behind
Incremental changes
An incidental high

What it all comes down to
Is what you think you'll see?
But the world's up high and
It breaks my heart like an enemy

Terrified to find release
And when you smile I know you agree
And you'll find if your mind's
All full of the clues and the criminals
A story subliminal from lies that don't deceive

Sentimental phases
Leave it all behind
Incremental changes
An incidental high

What it all comes down to
Is what you think you'll see?
But the world's up high and
It breaks my heart

Justify your faith in me
Does it give you what you need?
Every time, every place
Every moment of grace
I'm cynical I rise to the pinnacle
Bring it to your knees

Sentimental phases
Leave it all behind

Incremental changes
An incidental highs

What it all comes down to
Is what you think you'll see?
But the world's up high and
It breaks my heart like an enemy

Like an enemy

But the world's up high and
It breaks my heart

Like an enemy

Like an enemy

Like an enemy

Like an enemy
