I open my eyes  
The sun is gone  
Must trust my sense  
That something's wrong

Consider the lives  
Of you and I  
Deep down this world  
We all reside

Don't take as truth  
The lies they told  
There's nothing that breathes  
Is made of gold

Reflection  
Gives me clarity  
I hope you will  
Get what you need

Frustrated faces look away  
Forever gone a new path is laid

Forever gone a new path is laid

Forever gone a new path is laid

I feel all the thunder  
I feel all alright  
When the sun flies low  
I feel it again and again and again

I feel all the thunder  
I feel all alright (forever)  
When the sun flies low  
I feel it again and again and again (forever gone)

I feel all the thunder  
I feel all alright (forever)  
When the sun flies low  
I feel it again and again and again (forever gone)

Forever gone a new path is laid

Forever gone a new path is laid
