I miss the misses who caresses with kisses and catches  
missions with sexual  
Between thighs her eyes roll as kitty kats are eadile  
My tongue is incredible - swift to lick lips, tickle clits on  
hips  
Diggin grips tight on hips and shit  
I flip the mission to kissin and licking nipples on  
nymphos  
'Cause I'm Super like Nintendo when it comes to where  
the dick goes  
Info on the data and my pager set on vibrate  
And got greater expectations for later (I'll be tapping  
that ass)  
Motioning in then exploding within the wetness  
Ride it like a lexus on the opposite sexes  
Between sheets freak wreak and speak mad ridiculous  
Moaning while I'm boning causing friction on the clitoris  
Under the lights - biting her neck to make the body  
tension tight  
Rubbing thighs as we banging all night  
Babies glazing - 5'3, 36D, 24-36 and as thick as can be  
I imagine stabbing asses dragging fingers over  
abdomens  
Capturing and grabbed them while I'm tossing like a  
javelin  
Honey started bucking and banging and breaking bed  
frames  
Sucking on the dick like a sport called the head games  
I got the misses in stiches, acting viscious and fighting  
bitches  
Cause my fucking skill is mad delicious  
They get in ditches and planting kisses on this  
misstress  
I stopped right in the middle and she still couldn't diss  
this  
Got her on her back as I'm licking her bellybutton  
Then she pulled me close like she wanted to tell me  
something  
I took my tongue out of her navel, pulled her panties to  
her ankles  
And inserted it slowly to make it less painful

Then she moaned shaking from a body spam  
Leaving scars on my back preventing orgasm

(Chorus)

Ima E-F-F-E-C-T

A smooth operator operating correctly  
Over me - she was going crazy  
She pulled me on my chest and called me Mr. Sexy

G-String bikini's, sipping dry martini's  
More special effects and make up then Tom Savini  
Girls who wanna see me pick me up in Lamborginis  
Better bet, that I can get you wet when you're needy  
Let me get a hold of a centerfold  
To keep me warm when I'm cold  
Kiss her soul and make her knees fold  
Perspire, let her meet her sweet desire  
So hot that I won't stop until the beds on fire  
All night, going through rubbers like burning tires  
Im'a work it until you short circuit like crossed wires  
Tossing and turning on the deck of the yatch  
You know you gotta go live when you find the G-Spot  
Me, I got a preference for oriental sex with me  
Intense are like an insense, its quite essential  
Tell 'em that I love 'em 'fore the mental is through  
The main event on tonight is gonna be me and you

(Chorus) X 3

I like two chicks like John Ritter thicker than strippers  
Hit her with liquor then lick her like her lips were  
liquorice  
My wickedness in sex causes friction on the clitoris  
Equipped with this I make the flyest speak wild and  
frivilous  
Excuses me miss - I'd like to kiss your butterfly  
Smack that butter thigh, nut in the eye  
Nah I'm just playing, no spraying while I look into your  
soul  
Of your body as a whole not just titties and two holes  
Naw Mean, I like the sex clean with prophylactics  
Attack chicks on the mattress the mack licks the back  
Plus the asses and assets the sex wet like fawcets  
Slipped the tits clit pussy lips and honey lost it  
I bought it back kept her on track with ass smacks  
Louder than hand claps demands in back  
I endorse doggy style like Michael Jordan did Nike  
And make bitches who don't even like me my wifey

Looking jiggy, 'Fucking you Tonight' by Biggie plays on

the radio  
While females freak felatio, girls be on both sides of  
me like sex in stereo  
Dont want the mono, I wanna pull more FM's than Vinyl  
If this stuff continues I might hit the lotto  
My money is my motto, take a honey to the Prado  
Or back to the penthouse after the Appolo  
The question of the night is, "Baby do you swallow?"  
Mmm, I'm gonna do ya, whoa whoa whoa whoa  
Theres the anthem that is played throughout the  
playboy mansion..

(Chorus) X 3
