Trece once doce diez.
Been up there holy.
Nueve ocho siete seis.
No no. Now don't look up.
Cinco cuatro tres y dos.
They keep looking down.
Despues del uno se acabo.
Don't lie. Esas alas quien te las dio?
Tell me. You know that I.
Esa cara ese dolor.
Came to recover
Tu no sabes, lo se yo.
Came to give in.
Quien te dio, te dio ese catarro?

I'll be
For free
Just where you first saw me
Saw me catch that cold
I be
You be
We are
Real far
Just watch me
Watch me catch that cold

And I trece doce once diez
Can't tell where, can't tell when.
Nueve ocho siete seis
Now that they gave me
Cinco cuatro tres u dos
When they'll let go
Despes del uno se acabo
But hey, esas alas quien te las dio?
Hush girl now don't you cry
Esa cara ese dolor
You know I aint joining.
Tu no sabes lo se yo.
Just coining my show.
Quien te dio, te dio ese catarro?

I'll be

For free
Just where you first saw me
Saw me catch that cold
I be
You be
We are
Real far
Just watch me
Watch me catch that cold

Trece doce once diez
Nueve ocho siete seis
Cinco cuatro tres u dos
Despes del uno se acabo
Esas alas quien te las dio?
Esa cara ese dolor?
Tu no sabes lo se yo
Quien te dio, te dio ese catarro?

You better wait for it.
'Cuz am coming over.
Yeah, you better wait.
And I know it's late, but it's coming on
There's no other way than this
So lets just get it over
We aint got no say, and we're gonna pay
But we'll get it all.

I'll be
For free
Just where you first saw me
Saw me catch that cold
I be
You be
We are
Real far
Just watch me
Watch me catch that cold
