I was living in the belly of a shark  
Seen what he was eating all the time  
She pulled me out with her pirate sense of duty oh  
she said you ve been living off the dark end blend  
now its time to come out my friend, you thought  
oh I ll never see the light but you were wrong  
you just became the light  
chorus: cause I am a ghost boy I don t  
scare and I don t get no bellyaches  
and I ll be eating sparrows  
sitting on top of a tree  
and as the days go by won t  
you show me where to get them bellyaches  
or I ll be eating marrow  
straight from the bone  
those days I had a coronary taste  
falling from the tip of my tongue  
she was looking for a little fun  
and me I was the only one oh she said:

Big sewers filled with little kids,  
west side story be the story of bids that go  
high till they brake the sky.  
They make bible stones seem old  
Now all that can save me  
Is my own rabies  
So I bite my own self  
and I quiet down like stealth again  
All that can save me  
is my own rabies  
so I bite my own self  
and I quiet down like stealth bombers  
chorus: cause I am a ghost boy I don t  
scare and I don t get no belly aches  
and I ll be eating sparrows  
sitting on top of a tree  
and as the days go by won t  
you show me where to get them bellyaches  
or I ll be here like pharaohs  
forever on my own
