This is a straight song  
It's made for you  
It shouldn't take long  
Cuz that's not what I want to do  
And all I wanted  
Well, it keeps on coming true  
Why shouldn't you?  
You've got to die a little  
If you really want to go  
It's got to hurt a little  
If you really want to know  
So let's lie a little  
Together you and me  
And be as true as true can be

He who wants to know  
Must surely hold  
His body  
As he who holds  
The door  
Will surely know  
A showdown

I'd feel the world for you  
If you weren't doing it for me  
I'd steal the girl in you  
If you weren't letting her go free  
I would pretend  
I would pretend to be a friend  
If that was what we had to be  
I'll cross the threshold  
Into the lair  
I'll pat the lion on its head  
I won't despair  
I won't despair  
Though claws are sharp and they might tear  
I will be bringing it back to you  
You know I will

He who wants to know  
Must surely hold

His body  
As he who holds  
The door  
Will surely know  
A showdown

As he who holds  
The door  
Will surely know  
A showdown

I've never been there  
I want to go  
But I don't dance  
So do you want to stay after the show?  
For now I'll stand here  
With my back against the wall  
Watching everything you do
