Mike (Verse 1):

I was born in a room so deep
Bury me down, bury me in the sound
Where the ocean meets the sea
Well, you'll never find me calling out
For protection there's no doubt in my mind
That fiction never lies

Mike (Pre chorus):

Call me crazy, I may be
I will take anything I need
To get me off

Mike (Chorus)

Maybe, baby we can get it right this time
Surely, honey we don't need to be so fine

Mike (Post-Chorus)

Take your mind and put away the sins that we have
both created
Let it burn
We wine and dine in stormy weather
Take our time and we're together
Let it burn

Mike (Verse Two):

Satisfaction guaranteed
Pay the price and you will see
The tango is meant
For two

Mike and Dylan (Pre Chorus):

Things I love
Things I hate
Everything seems to fall in place
Fall in place, place...

Mike and Dylan (Chorus)

Maybe, baby we can get it right this time

Surely, honey we don't need to be so fine

Mike (Post Chorus)

Take your mind and put away the sins that we have
both created

Let it burn

We wine and dine in stormy weather take our time and
we're together

Let it burn

Solo

Mike and Dylan (Pre Chorus)

Call me crazy, I may be
I will take anything I need
To get me off, off...

Mike and Everybody (Chorus)

Maybe, baby we can get it right this time
Surely, honey we don't need to be so fine

Mike (Post Chorus)

Take your mind and put away the sins that we have
both created

Let it burn

We wine and dine in stormy weather take our time and
we're together

Let it burn

Mike and Everybody:

"Take your time to think about your past regression, I'm
regretting how this turned out. We've been through hell
and some hot water, it seems as though we've lost our
minds. Lost our minds."
