"Embrace Me"

Embrace me, a little longer my sweet.
Embrace me, and see if you won't ever leave.
Your goodbyes seem so unfair; so unkind.
Embrace me for my dreams.

Caress me, make this moment forever last.
And tell me, "troubled times have past."
Another day goes by; this longing is all I have...
Embrace me for my dreams.

...bu-bu-buuuu...

Embrace me, a little longer my sweet.
Embrace me, and see if you won't ever leave.
Your goodbyes seem so unfair; so unkind.
Embrace me for my dreams.

Caress me, make this moment forever last.
And tell me, "troubled times have past."
Another day goes by; this longing is all I have...
Embrace me...for my dreams.
