Now I'm sitting here alone  
Try to get you on the phone  
But you're so far away from my heart

Memories are on my mind  
Girl I need you by my side  
But you're so far away from my home

BRIDGE: I will never gonna break your heart  
Your smile is like a shining star  
Girl I want to get close to you

CHORUS: I can't live without your love  
When I'm down you make me high  
I try to get strong....  
I'm waiting so long to hold you in my arms  
Can't you see that I love you  
Girl, I'm still in love with you  
And I don't know what to do  
When I think of you I feel the pain  
Everyday I'm waiting for a lovely kiss from you  
...not more  
I want you here to stay in my life

BRIDGE:....

CHORUS:....2x

Everyday I'm waiting for a lovely kiss  
And nothing more  
My love is through and all I need is you

CHORUS:....
