Tell me that you really want me
I need a b-b-baby tonight
Been thinking about it baby all night
Boy, you know you're in for a ride

Tell me that you really want me
I need a b-b-baby tonight
Been thinking about it baby, all night
Boy, you know you're in for a ride

So don't move real quick
I'll get your mind
On your feelings send
Ya reeling head to toe

So give in tonight
Don't try to fight it
What your body doesn't know
I know

Our hearts don't lie
(The feelings)
We just can't hide
(When it's right)

So don't waste my time
(Boy, believe me)
Our hearts don't lie
(Oh, woh)

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

Tell me that you really want me
I need a b-b-baby tonight
Been thinking about it baby, all night
Boy, you know you're in for a ride

Tell me that you really want me
I need a b-b-baby tonight
Been thinking about it baby, all night
Boy, you know you're in for a ride

So don't move real quick
I'll get your mind
On your feelings send
Ya reeling head to toe

So give in tonight
Don't try to fight it
What your body doesn't know
I know

Our hearts don't lie
(The feelings)
We just can't hide
(When it's right)

So don't waste my time
(Boy, believe me)
Our hearts don't lie
(Oh, woh)

Our hearts don't lie
(The feelings)
We just can't hide
(When it's right)

So don't waste my time
(Boy, believe me)
Our hearts don't lie
(Oh, woh)

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

I'm taking the lies away
Our hearts don't lie
(The feelings)
We just can't hide
(When it's right)

So don't waste my time
(Boy, believe me)
Our hearts don't lie
(Oh, woh)

Our hearts don't lie
(The feelings)
We just can't hide
(When it's right)

So don't waste my time
(Boy, believe me)
Our hearts don't lie
(Oh, woh)

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now

My heart beats ticking
My heart beats ticking
My heart beats ticking
When you're not around
I'm tripping, I need you baby, now
