That old pair of jeans
You always see me wearing
When it's grey
You know what I mean
Oh I'm riding a lazy mood

Cause you've been waiting got me ready to go
And I've been straying off the way that I know, keep me
Wise enough, nothing to owe
Guess I need you and I want it to show

Lying here in my sanctuary
Days go past it's autumn already
And I wish it would thunder
Oh high up in my sanctuary
Days go past it's autumn already
And I sit here and wonder

And I'll kick off my shoes
Think about the things that I like to do
Everything goes smooth
There ain't nothing I'd rather do

Cause you've been waiting got me ready to go
And I've been straying off the way that I know, keep me
Wise enough, nothing to owe
Guess I need you and I want it to show
Lying here in my sanctuary
Days go past it's autumn already
And I wish it would thunder
Oh high up in my sanctuary
Days go past it's autumn already
And I sit here and wonder

Lying here in my sanctuary
Days go past it's autumn already
And I wish it would thunder
Oh high up in my sanctuary
Days go past it's autumn already
And I sit here and wonder

What I say and what I mean

Are two very different things
Can't tell life from lies
Got a bad sense of spins
What I say and what I mean
Are to very different things, babe
It's time to figure it out

Holding my hands in your hands and I won't let go
Keeping your word and your face is a place like home
I've been blind don't you know
