Have you even not been around
When you knew you should,
If only I could I would,
You would say,

Oh, Made excuses to cover myself
When I let you down,
Or tried to blame someone else,
You know what I'm saying,

We built our walls and our fences,
And we'd rather live a lie
Then knock them down,
If we could lose our defences,
Chose to live a life,
I'll chose right here right now,

Have you ever been hurt so bad,
You just want to die,
Oh yah break down and cry,
You know what I'm saying,
Oh have you ever been hurt so bad
You just want to die,
Oh yah break down a cry,
You know what I'm saying,

Well have you ever not been around
When you knew you should,
If only I could I would,
You would say,

Oh made excuses to cover myself
When I let you down,
Or tried to blame someone else,
You know what I'm saying,

We built our wall and our fences,
And we'd rather live a lie
Then knock them down,
If we could lose our defences,
And chose to live a life
I chose right here right now,

I'm sorry for the pain I caused you friend,
I'm sorry now until the very end,
Cause I know, I know I've let you down,
I've caused trouble with all my stupid ways,
We'll be together until my dieing days,
Sorry for the way I let you down,

I'm sorry for the pain I caused you friend,
I'm sorry now until the very end,
Cause I know, I know I've let you down,
I've caused trouble with all my stupid ways,
We'll be together until my dieing days,
Sorry for the way I let you down
