I'm calling for you

You're spinning me round like a hurricane
Come a come a run jump on the milkyway
A lipstick rocket-ship, I'm about to fly
Universe flies by, I catch a ride

Maybe we could hang together
'Cause I got these feelings for ya
Gotta get my groove on tonight
Stick around and jump on

He's a superhot guy
It's a superhot ride
He's a superhot guy
It's a superhot ride

I don't know what you do
I don't want to jump off this ride
I don't know what you do
But I want the stars to collide
I'm calling for you
My heart's on the line
I need you
I don't know what you do
I don't want to jump off this ride

I sky rocket in the pocket for your love
Getting skizzy for a ticket to your heart
Tongue-tied when I think about your touch
Flash cash count dollars in the credit crunch

Maybe we could hang together
'Cause I got these feelings for ya
Guess I'm saying that I'm falling
Falling like a shooting star

He's a superhot guy
It's a superhot ride
He's a superhot guy

It's a superhot ride

I don't know what you do
I don't want to jump off this ride
I don't know what you do
But I want the stars to collide
I'm calling for you
My heart's on the line
I need you
I don't know what you do
I don't want to jump off this ride

Yes I want you to want me
The way that I want you
Yes I want you to want me
The way that I want you

Yes I want you to want me
The way that I want you
Yes I want you to want me
The way that I want you

Maybe we could hang together
'Cause I got these feelings for ya

I don't know what you do
I don't want to jump off this ride
I don't know what you do
But I want the stars to collide
I'm calling for you
My heart's on the line
I need you
I don't know what you do
I don't want to jump off this ride
