How could I know when I first met you?
I been falling in love, never wanting to
'Cause out of the blue you went my way
So lost for words, don't know what to say

It's a craving
Feels like in misbehaving
Feels like I'm going crazy
Only you can save me

I'm falling but I can't stop, can't stop
A little bit of you is never enough
Feels like I'm falling, falling
Feels like a new day's dawning

Try as I might I just can't hide
When you came you unlocked all I had inside
Like a piece of a puzzle that slots in fine
You came in my life and you made it right

Just a feeling
It's not just my heart you're stealing
You know all there is to know
'Cause you've seen inside my soul

I'm falling but I can't stop, can't stop
A little bit of you is never enough
Feels like I'm falling, falling
Feels like a new day's dawning

You're on my mind
All the time morning, noon and night
Without you
Without love I just can't survive, no, no

It's a craving
Feels like in misbehaving
Feels like I'm going crazy
Only you can save me

I'm falling but I can't stop, can't stop
A little bit of you is never enough

Feels like I'm falling, falling
Feels like a new day's dawning

I'm falling but I can't stop, can't stop
A little bit of you is never enough
Feels like I'm falling, falling
Feels like a new day's dawning

Can't stop
Falling
Can't stop
