I remember the first time I saw your face  
You were with your friends  
And you walked my way  
Now I'm thinkin' bout you every minute of every day  
You're the only one who puts this smile on my face

When we're apart, my blue skies turn to gray  
And I'm wishing you'd  
Pick up the phone and say

You're in my head  
Got you on my mind  
Got me dream' bout you whenever I close my eyes  
And when we're alone  
And you're holding me  
I want you to know  
There's no place I'd rather be

Your love's so good  
And I can't deny  
That I'm hooked on you  
No matter how hard I try

Friends tell me that in crazy  
And I'm wasting my time, uh  
But they don't understand  
A love like yours is hard to find

Woah-oh-oh

My heart beats  
To a rhythm that speaks your name  
Just wanna know  
Tell me baby,  
Do you feel the same

You're in my head  
Got you on my mind  
Got me dreamin' bout you whenever I close my eyes  
And when we're alone  
And you're holding me

I want you to know  
There's no place I'd rather be

Your love's so good  
And I can't deny  
That I'm hooked on you  
No matter how hard I try

When I think about you leaving me  
It gets too hard to breathe  
When I think about you holding me  
I just gotta let it be  
When I think about you making plans  
With somebody else  
Baby it's clear to me  
Maybe I'm in too deep

You're in my head  
Got you on my mind  
Got me dream' bout you whenever I close my eyes  
And when we're alone  
And you're holding me  
I want you to know  
There's no place I'd rather be

Your love's so good  
And I can't deny  
That I'm hooked on you  
No matter how hard I try

Everybody thinks I'm walking 'round here crazy

Am I wasting my time  
Waiting for you to come around

They don't understand us

I'm stuck to you  
No matter how hard I try
