Uhuh  
Uhyaheah

After all is said and done  
How can we carry on?  
And after what you've done to me  
How did you think that I would be?  
You had your chance  
When I took you back  
Now we're here again and you're hurting me

What would you do?  
What would you say?  
If you found me gone  
If I walked away  
What would you learn?  
Would your heart be burned?  
What would you do babe?  
What would you say?  
If I walked away

All the promises you made  
They never saw the light of day  
Many times you said you'd changed  
I was a fool to wait  
You had your chance  
When I took you back  
Now we're here again and you're hurting me

What would you do?  
What would you say?  
If you found me gone  
If I walked away

What would you learn?  
Would your heart be burned  
What would you do babe?  
What would you say?

Now that you've been pushing me I'm close to the edge  
I'm losing all patience  
I have nothing left

We've been here before  
I can't take it no more  
I've tried

What would you do?  
What would you say?  
If you found me gone  
If I walked away  
What would you learn?  
Would your heart be burned?  
What would you do babe?  
What would you say?  
If I walked away

(what would you do)  
If I walked away  
(what would you say? )  
If I walked away  
(what would you do? )  
Tell me would you feel the pain?  
Feel the pain  
If I walked away
