The very first time that I saw your brown eyes

Your lips said hello and I said hi

I knew right then you were the one

But I was caught up in physical attraction

But to my satisfaction

Baby, you were more than just a friend

* And if you ever fall in love again

You must make sure that the lady is a friend

And if you ever fall in love so true

You must be sure that she feels the same way, too

If I said that I would be your one and only

Promise that you'd never leave me lonely

I just wait to be the one you need

I just want to be the one to serve you

Sometimes I feel as if I don't deserve you

I cherish every moment that we share

Repeat *

The very first time that I saw your brown eyes

Your lips said hello and I said hi

I knew right then you were the one

And I was caught up in physical attraction

But to my satisfaction

Baby, you were more than just a friend

Repeat * x 3
