The very first time that I saw your brown eyes
Your lips said hello and I said hi
I knew right then you were the one
But I was caught up in physical attraction
But to my satisfaction
Baby you were more than just a friend

And if you ever fall in love again
You must make sure that the lady is a friend
And if you ever fall in love so true
You must be sure that she feels the same way too

If I said that I would be your one and only
Promise that you'd never leave me lonely
I just want to be the one you need
I just want to be the one to serve you
Sometimes I feel as if I don't deserve you
I cherish every moment that we share

And if you ever fall in love again
You must be sure that the lady is a friend
And if you ever fall in love so true
You must be sure that she feels the same way too

The very first time that I saw your brown eyes
Your lips said hello and I said hi
I knew right then you were the one
And I was caught up in physical attraction
But to my satisfaction
Baby you were more than just a friend

And if you ever fall in love again
You must be sure that the lady is a friend
And if you ever fall in love so true
You must be sure that she feels the same way too

And if you ever fall in love again
You must be sure that the lady is a friend
And if you ever fall in love so true
You must be sure that she feels the same way too

And if you ever fall in love again

You must be sure that the lady is a friend
And if you ever fall in love so true
You must be sure that she feels the same way too
