All tender moments
All my time with you
Everyday we're much closer
You respond to me, I respond to you

I always knew that you'd be good for me
But without you, I could never be
Want you to know, I'll never let you down
Just put your trust in me, I'll always be around

'Cos you're a miracle that's happened
Miracle that's happened
Miracle that's happens to me
You came along when I was in need
You're the love inside of me

I've watched our love grow
It's a love so deep
And everyday it gets stronger
You're the love, love inside of me

I never thought I'd find a love like this
A love so pure, you have fulfilled my wish
Now we made plans for us to stay together
The way I feel now, I know I'll never leave you

You're a miracle that's happened
Miracle that's happened
Miracle that's happens to me
You came along when I was in need
You're the love inside of me

You're the love in me
The love that runs so deep
You're the part of me
But I'm standing if you were far from me

'Cos you're a miracle that happened
Miracle that happened
Miracle that happens to me
You came along when I was in need
You're the love inside of me

'Cos you're a miracle that happened
Miracle that happened
Miracle that happens to me
You came along when I was in need
You're the love inside of me

Miracle inside of me, miracle to me
You came along when I was in need
You're the love inside of me

Miracle inside of me, miracle to me
You came along when I was in need
You're the love inside of me
Miracle inside of me, miracle to me
