I always thought that I knew it all
But I knew nothing
I couldn't see I was destined to fall
Now it's too late

Took you for granted
I always thought you'd be there
I didn't notice
When your presence became scarce

Took you for granted
I always thought you'd be there
I didn't notice
When your presence became scarce

I always thought I knew it all
The truth was I knew nothing
Couldn't see I was destined to fall
Before it was too late, no

I always thought I knew it all
The truth was I knew nothing
Couldn't see I was destined to fall
Before it was too late, no

I paid the price, 'cause now you're gone
From my life and I have nothing
So caught in myself, cared for no one else
Now you've slipped away

I always thought I knew it all
The truth was I had nothing
Couldn't see I was destined to fall
But now it's too late

Wanted a second chance
But you won't take me back
I'm full of regrets
If you asked me back baby, I'd say yes
